

SCVDA 2017 Recital Class Breakdown Schedule

With our enrollment continually growing, we are in need of holding four (4) recital performances again this year. We know many of you have multiple children and/or dancers taking multiple classes. Our number one priority is making sure that you and your guests only need to attend ONE recital show in order to see all of your children dance. As you can imagine, this is a huge undertaking on our part. After carefully looking at each and every dancer and family, we feel that we have created a schedule that will allow all siblings to dance in at least one show together during recital week.

Please let us know if you have any questions at all regarding the following information. Thank you!

- All dancers in any Tiny Toes, Intro to Dance and Combo I class, regardless of what night they take class, will be dancing in our Little Stars Matinee on Saturday, June 17 at 11am.
- For their second performance, we will split them according to their normal dance class night.
